Invest and see what just \$250 does!

Kids spend afternoons on homework with access to tutoring and computers

Women attend workshops to learn what it takes to start their own business

Families focus on healthy eating and plant the community garden

Job seekers have access to computers and job listings and, perhaps best of all,

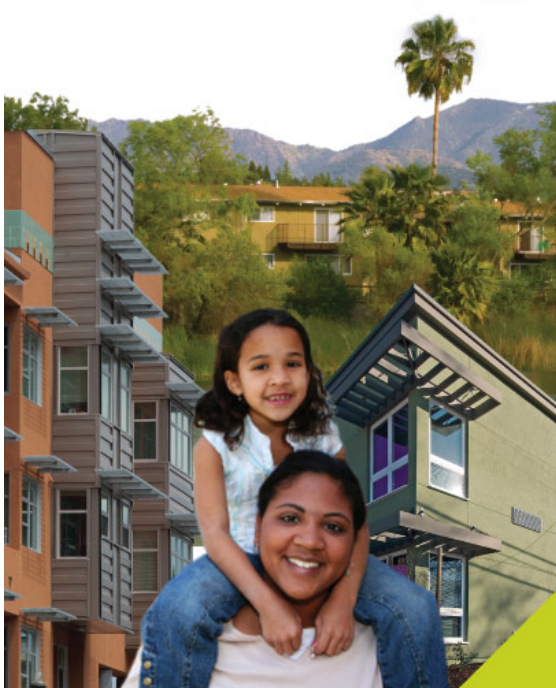

The roof overhead is safe, stable, and affordable so there's more to meet other needs, reduce debt, and build savings

Give hope for a better future and a stronger community . . . for everyone

Community Builders Circle members are special to RCD! We will recognize your generosity on our website and throughout the year, including a recognition event to share the results of your important investment

It's easy to join and we've made it even more affordable, with a monthly payment option on our website:
