

Touring Future Transit-Oriented Affordable Housing Development in Pittsburg

The extension of BART to eastern Contra Costa County is a chance to create walkable, healthy, and sustainable communities around transit!

Join us as we visit opportunity sites for affordable housing as identified in the Railroad Ave eBART Plan. City representatives, community members and developers will be speaking to their vision for the future of affordable housing in Pittsburg.

The walking tour will conclude at Resources for Community Development's Grand Opening Celebration of Los Medanos Village.
